

Activity No. 6 – Concept of Operations

Anyone reading your agency's EH Emergency Response Plan needs to picture the sequence and scope of the planned emergency response. The concept of operations section explains the jurisdiction's overall approach to a disaster or emergency. In other words, what should happen, when and at whose direction. There are no mandated topics for this section.

What topics do you think should be included under concept of operations in your EH emergency response plan?

Potential topics are included on the following page.

Activity No. 6 (Continued)

- Awareness of an Incident
- Activation of the Plan
- Management Structure
- Response Procedures
- Media Contact
- Plan Development
- Intergovernmental Communication
- Emergency Equipment and Supplies
- After Action Report
